and

National dialogue

on

“Role of Women Veterinarian for Viksit Bharat”

November 13th - 14th, 2024

Organized by

U.P. Pt. Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya
Evam Go-Anusandhan Sansthan,
Mathura-281001 (Uttar Pradesh), India

Invitation

On behalf of U.P. Pt. Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go Anusandhan Sansthan (DUVASU), Mathura and Indian Association for Women Veterinarians (IAWV), the organizing committee extends cordial invitation for your active participation in 18th Conference of Indian Association for Women Veterinarians (IAWV) and National dialogue on “ Role of Women Veterinarian for Viksit Bharat” to be held on 13th - 14th November, 2024 at College of Veterinary Science and Animal Husbandry, DUVASU, Mathura, U.P., India.

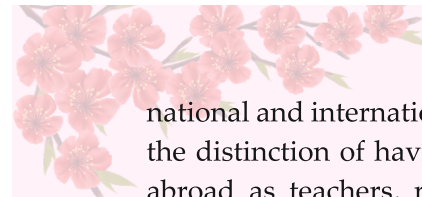

The Host Association : IAWV

Indian Association of Women Veterinarians (IAWV) was formed on 2nd October 1985, at New Delhi. The mission of the Association is to provide a platform for the Lady Veterinarians of the country and abroad to exchange their professional expertise related to veterinary profession. The activities of the association include strengthening the State chapters, publishing National and State level directories of its members, prepare identity cards for its members and organize National level meetings for the empowerment of lady Vets and veterinary profession all over the country.

The Host Organization : DUVASU

Uttar Pradesh Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go-Anusandhan Sansthan (DUVASU), Mathura was established by Government of Uttar Pradesh through the Act No. 27 of 2001 on October 25, 2001, by carving out all the units of College of Veterinary Science and Animal Husbandry from C.S. Azad University of Agriculture & Technology, Kanpur. The College of Veterinary Science and Animal Husbandry, Mathura became its first constituent college. The parent institution of this University had the distinction of being the first Veterinary College set up in independent India in 1947. It was the first Veterinary College in Asia to start with degree programme in Veterinary Science and to start M.V.Sc./M.Sc. degree programmes in various disciplines of Veterinary and Animal Sciences in 1951 and the Ph.D. degree programmes in 1953. Ever since the establishment of this College, it has contributed significantly not only in terms of number of graduated and post- graduated of high Scholastic order, but also quality research of

national and international standards. This College has a glorious past and the distinction of having its alumni holding high positions in India and abroad as teachers, research workers, policy makers, consultants and administrators.

The Host city : Mathura

Mathura, the birth place of Lord Krishna is one of the most ancient places of India and situated on the right bank of river Yamuna. The city occupies venerable place in cultural history of India. The famous spots are various temples of Lord Krishna and Government museum. The description of the museum's collection, especially focusing on the art treasures from the Kushana and Gupta periods, underscores its significance as a repository of ancient cultural heritage. Visit to Mathura leaves subtle and celestial effect over minds and heart of people.

In addition, Agra, Fatehpur sikri and Bharatpur Bird's sanctuary are other places of tourist interest. Location wise Mathura is well connected to all major cities by bus, railway and air. Nearest airport is Delhi which is 145 Km from Mathura. Agra is situated at a distance of approximately 50 km South East of the city.

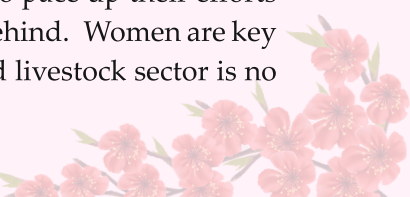

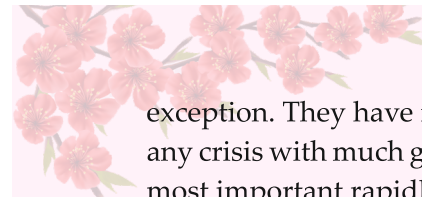

Weather, accommodation and transportation

The climate of Mathura during month of November will be pleasant with requirement of light woolen clothes for a comfortable stay. The delegates will be provided with appropriate accommodation on first-come-first basis in university campus and nearby hotels. Delegates are requested to convey details of their travel plan and accompanying person in advance for making arrangement for stay during symposium. Nearby hotels would be reserved on prior request on payment basis with the tariff ranging from Rs. 2500-6000 per day. Lodging charges will have to be borne by the participants. Local transport will be provided by the organizing committee to and fro to the venue of symposium and site of stay and receiving and sending off the delegates from station (Bus/railway) on prior intimation.

Theme of the Conference

India is at the turning point in history. It is poised to become a Viksit Bharat, a US\$ 30 trillion economy with all the attributes of a developed nation by the century year of our independence 2047. To achieve this grand vision of developed India, every sector of the economy has to pace up their efforts with agriculture and livestock sector must not lag behind. Women are key partners in the VIKSIT BHARAT Sankalp Yatra and livestock sector is no

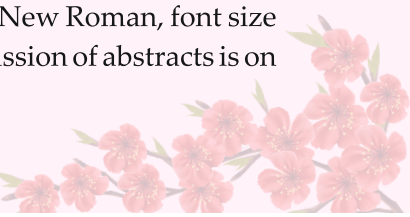

exception. They have repeatedly shown that they are capable of handling any crisis with much grace and dignity. Livestock is emerging as one of the most important rapidly growing components of Indian agri-food system, accounting for 5% of national income and 28% of Agriculture GDP. The women are the key players in this sector, either as livestock handlers or as veterinarians. It is widely recognized that majority of women workers in rural areas are engaged in agriculture activities. Women Vets make a significant contribution to public health, animal welfare and animal health in general. From breaking barriers and shattering stereotypes to assuming leadership roles and driving positive change, the contributions of women to veterinary medicine are profound and enduring. They are actively involved in large numbers, in the research and development (R&D) to facilitate the progress of animal health and welfare by advancing our understanding and improving veterinary practice. The conference is aimed to bring together lady veterinarians working in diverse fields of the veterinary profession to facilitate interdisciplinary discussion of leading-edge research, to share explicit or tacit knowledge and expertise.

Scientific/Technical Programme

1. Emerging Trends in Veterinary Science and Animal Husbandry for the Promotion of Lab to Land Approach
2. Innovations in disease prevention and therapeutics, biotechnological interventions for animal welfare and sustainable production
3. Multidimensional approach towards enhanced nutritional security and food safety
4. Livelihood Security and skill enhancement related to livestock for improved production and income
